FULL-TIME MBA

“For career changers and career progressors alike, the Full-Time MBA gives a holistic understanding of business while providing the flexibility of honing specific skills related to your interests. What is even more attractive is the corporate residency opportunity, where you can fully immerse yourself in a professional role to help solve real business problems.”

ACADEMIC EXCELLENCE. BUSINESS EXPERIENCE.

PREPARE FOR THE FUTURE WITH THE MBA THAT GIVES YOU BOTH.

As the business world undergoes more and more complex changes, you need the expertise and insight to keep up—and keep ahead. You’ll gain that knowledge with an MBA program that offers both academic rigor and valuable experience. The Full-Time MBA from Northeastern University’s D’Amore-McKim School of Business delivers the proficiency you need to accelerate your career.

The first powerful component of our program is the outstanding classroom experience. MBA coursework is taught by leading professors in their fields, bringing years of expertise and decision-making directly to the academic setting. The knowledge you gain gives you the skills that are in demand, helping you understand the intricacies of business, and more specifically, your field of interest.

The second dynamic component is your six-month, paid corporate residency. Far removed from the typical internship, this will take your work experience to a whole new level. As a valued member of the team at a leading business, you will be fully integrated in your company, working side-by-side with staff members to deliver on organizational goals. As you contribute to projects that are business critical, you not only gain experience, but also gain confidence in your abilities.

Your second year will build upon your core competencies, as you select the career track in the area that interests you most. The tracks you may choose from include:

- Entrepreneurship
- Finance—with sub-tracks in Corporate Finance and Investments
- Healthcare Management
- Marketing
- Supply Chain Management

Whether you’re in the classroom, working in a company through your corporate residency, or working on a consulting project for one of our international corporate partners through your Global Project Course, you will form relationships with students, employers, and world-class faculty who have rich backgrounds in a variety of companies and industries. Without a doubt, this network will serve you well throughout your career.

With our Full-Time MBA program, you will have the added advantage of strengthening your all-important network.

When you’re looking for the next step in your career, the Full-Time MBA at D’Amore-McKim offers a true advantage. With a unique fusion of academic and real-world experience, it gives you the skills and know-how to expand your potential in so many valuable ways.

LEAD THE WAY IN INVESTMENTS.

The field of investments is complex and growing. In the next five to ten years the U.S. Bureau of Labor Statistics projects positions in investments to grow at nearly double the rate of the national employment average. Likewise, the short supply and high demand of these positions will also carry ample compensation to lure those with the skills and poise to lead.

For those already in the banking or investments industries, but looking to enter a role with more decision-making responsibilities, our Full-Time MBA with a Finance track and Investments focus will help you hit that career goal. Our Investments focus, specifically, features a specialized curriculum and work experience focused on your area of interest.

This program prepares you for roles where you will manage other people’s money. With a deep classroom emphasis on reporting, analysis, tracking results, communicating with clients, and monitoring changes in the market, you will learn from respected practitioners with field expertise, real experience in portfolio management, and strong connections to the field.

The 360 Huntington Fund represents experiential learning in its purest form. The fund is designed to give you experience in equity research and portfolio management. Currently, the students involved manage a half-million dollars of the university’s endowment. In addition, your corporate residency at a top brokerage house or investment firm will put the complex theories and models learned in the classroom to practice to make profitable investment decisions in varying environments.

Your six-month paid position, based in Boston, New York City, or another vibrant financial center, delivers work experience concentrated in investments, an opportunity to build industry references, and the potential for full-time employment.

In this program you will develop strong relationships with the world-class faculty, students, and employers that will strengthen your network and be a catalyst for your career. So get ready to further your education and further your career.

“Enrolling in D’Amore-Mckim’s MBA with a Finance track may be one of the most important decisions in a person’s life. It is definitely a challenging path and requires a lot of time and effort, but the pay-off is priceless. The Investments track in particular offers a tremendous number of learning resources as well as networking opportunities to elevate candidates’ careers.”

With steady job growth predicted over the next five to ten years by the U.S. Bureau of Labor Statistics, corporate finance is expanding to create new opportunities for skilled professionals to step into significant leadership roles. These roles will be in high demand and command generous salaries that you will want to be poised to secure.

If you have hit a plateau in your current finance career but have the drive and ambition to move ahead or if you are looking to enter the field with an advantage, our Full-Time MBA with a Finance track and Corporate Finance focus is for you.

With our Full-Time MBA with a Finance track, you will gain the vital, relevant skills to take on any challenge you will face on your career path through specialized curriculum taught by world-renowned faculty, recognized for their expertise in the field, and work experience in our corporate residency program.

In the classroom you will focus on financial results by company, division, product, or business unit, getting deep understanding of budgeting, forecasting, and analysis. You will be exposed to pricing and expense analysis for new products or global expansion, merger and acquisition analysis, treasury functions, and more.

Ideal for experienced finance professionals preparing for advancement or motivated individuals seeking a career change, our Full-Time MBA with a Finance track will equip you with expansive, foundational knowledge and real-world experience to achieve your career goals.

Working in Boston, New York City, or another vibrant financial center, your six-month paid corporate residency in corporate finance delivers meaningful experience where you will put your classroom experiences to work, gives you strong industry references, and has the potential for full-time employment. This residency is the cornerstone of a thorough and rigorous curriculum.

"Getting my MBA at D’Amore-McKim was by far the best career move I’ve made. Using their network, I was able to land interviews I never could have gotten on my own, and accelerated my career by 5-7 years conservatively. This was on top of all of the skills I honed in the classroom."

A FULL-TIME MBA WITH A HEALTHCARE MANAGEMENT TRACK IS ONLY AS VALUABLE AS THE EXPERIENCE IT BRINGS. AND THIS ONE BRINGS A LOT.

There is an incredible opportunity in healthcare for those who can rise to the occasion with the perfect balance of critical thinking and real world experience. And you will be ready—with a Full-Time MBA with a Healthcare Management track from Northeastern University’s D’Amore-McKim School of Business.

Our Full-Time MBA with a Healthcare Management track couples an academic deep dive into the intricacies of the health sector with real, hands-on experience through a paid, six-month residency in one of the largest, most vibrant, and highly regarded healthcare sectors in the world. And, you will build a network of mentors and peers that will continue with you in this growing industry.

In our program, you will gain the skills to become an innovative leader in an increasingly complex, growing, and transformative industry. No matter what sector of the industry you choose for your future career, you will be at the forefront. Courses in health informatics, healthcare supply chain, and healthcare systems engineering are taught by faculty with international recognition for cutting-edge research on issues central to improving the quality, efficiency, and accessibility of healthcare services and in healthcare management.

We give you a huge advantage over Master in Public Health and Master in Health Administration degrees with access to our outstanding health faculty as well as paid corporate residencies.

Corporate residencies are offered at world-class hospitals, physician organizations, accountable care organizations, health insurance providers, drug/biologic development, and delivery organizations and government regulatory agencies in Boston’s thriving healthcare marketplace.

It goes without saying, along with challenging coursework and diverse and meaningful work experiences, this program provides the powerful ability to create potential employment opportunities. And, it provides all the tools you need to rise to the top and make a difference in this thriving, ever-evolving industry.

TO BE A MARKETING LEADER, IT’S GOING TO TAKE REAL WORLD EXPERIENCE.

The field of marketing has transformed in exciting ways. Tomorrow’s leaders are creating themselves today, and they have the creative agility, management skills, and deep marketing acumen to take the field into the future. With this Full-Time MBA with a Marketing track, you will be one of them.

D’Amore-McKim partners with some of the most successful and forward-looking food, apparel and consumer products businesses for our marketing residencies—including TJX Companies, Dunkin’ Brands, Hasbro, and Lindt & Sprüngli.

Our Graduate Career Center will work with you to find the best possible match between your ambitions, your corporate residency host, and the role you will play during your residency.

In our Full-Time MBA with a Marketing track, you will have a small, high touch cohort in which you will learn from world-class faculty and build a network of students who have experience in other companies and industries, along with the valuable connections gathered in your corporate residency. This, and the skills you’ve gained, will give you all you need to rise to the occasion and be a leader in the future of marketing.

“My corporate residency at TOTE Inc. was not only an intensive learning experience but also a fun six-month adventure. The pinnacle of my corporate residency was the opportunity to ride the TOTE container ship from Tacoma, Washington to Anchorage, Alaska over a three-day period. I was able to witness first-hand the operations involved in deep-water shipping and logistics.”

A FULL-TIME MBA WITH A SUPPLY CHAIN MANAGEMENT TRACK GUARANTEED TO PUT YOU IN HIGH DEMAND.

Supply Chain Management becomes more important in business every day, and today’s demand for talent far exceeds the supply. With the perfect blend of skills and experience, the time is right to emerge as a leader. Our Full-Time MBA with a Supply Chain Management track will put you at the forefront of this rapidly growing field.

The Full-Time MBA with a Supply Chain Management track from the D’Amore-McKim School of Business is a program we were meant to lead the field in. Currently ranked #17 in the nation by Gartner and rising rapidly, our program gives you the experiential education that Northeastern University was built on—and with it, the skills and acumen integral to taking your career to the next level.

Our program starts with an academically strong course foundation designed and led by the best faculty in the US—industry-leading professors widely recognized as experts in the field. You will learn how to manage the supply chain, drive innovation, establish market differentiation, and positively affect the bottom line, in a collaborative environment with professors, visiting executives, and students from diverse backgrounds.

Additionally, there’s our immense point of difference—our corporate residency program, where you will get 6 months of paid, MBA level work experience in supply chain at a relevant, leading business.

Our program is designed to give you leadership skills, unprecedented experiential experience, and one other incredibly powerful asset—a valuable network of peers and mentors you will take with you throughout your career. Many of our alumni currently hold executive and senior level positions at Fortune 500s like Amazon, Deloitte, and UPS, to name a few.

FOR ENTREPRENEURS WHO WANT TO THINK BIGGER AND ACT BOLDER.

You want to push the innovative boundaries within your current organization. Or, you want to start a venture of your own. No matter where you are, your drive and ambition belong in one place: The Full-Time MBA with an Entrepreneurship track at the D’Amore-McKim School of Business.

Here, you will develop insight and expertise in a place where the entrepreneurial community is thriving. In fact, there are 15 organizations on campus dedicated to helping students, faculty, staff, and alumni foster innovation and entrepreneurship—from assistance with financial resources to developing business plans to networking with Boston’s entrepreneurial community.

We maintain a vibrant focus on entrepreneurship and innovation inside and outside of the classroom.

As you learn how to start a new business or gain the skills to manage and lead a new business area within an existing organization, you will be surrounded by a community of progressive thinking.

If you are interested in starting your own venture, you will be connected with IDEA, Northeastern’s unique student-led venture accelerator, where you will gain experience developing a business. IDEA has helped numerous businesses grow from core concept to launch. In this unique organization you will work with mentors and coaches across the entire start-up phase as well as gain access to financial support and in-kind resources like marketing and accounting from corporate partners.

If you are looking to foster innovation within your current business, we will connect you with like-minded peers and professionals who appreciate the benefits of working at a large institution, but want to lead their organizations into a new area of development. From product and service development to financing, go-to-market strategies to loan development and managing high-performance teams, this specialized program teaches you to magnify your value to your company and advance your career.

It all begins with your classroom experience, providing powerful insight from guest entrepreneurs and seasoned faculty who fully understand the start-up process. You will learn how to generate ideas, overcome legal issues, attract the right talent, and launch companies. Then, you put that knowledge to work and expand your network of contacts through a six-month paid corporate residency with a leading entrepreneurial organization. All together, you will gain a powerful new level of confidence and knowledge, fueling your creative mind as you take on challenges and opportunities that have untapped potential.

We understand entrepreneurs. We launched our entrepreneurship programs almost 60 years ago and we know what talents and expertise it takes to increase your chance for success. If you are ready to develop the skills and expertise you need, our Full-Time MBA with an Entrepreneurship track is for you.

LET US HELP YOU GET STARTED.
