---

**Students must apply for a Student Visa in their home country or country of residency. Generally, the process takes at least 3 weeks from application date to the issuing of the visa. The visa requires a state background check. Students should apply for the visa 3 months before departure. The Student Visa is also valid for internships in Brazil. Passport must be valid for 2 years from arrival in Brazil.**

**Students are required to prove that they have insurance coverage in Brazil. Students will need to secure adequate coverage before departure.**

**FGV-EAESP does not have dormitories. An accommodation guide and list of possible apartments is sent to students along with the general university application documents.**

**Mandatory Welcome Sessions are organized before the start of classes (late July-early August). This includes guidance through bureaucratic and administrative procedures as well as a city tour and social activities.**

**30 hours of Portuguese language is offered at the beginning of each semester (free of charge). This course is not mandatory and can be taken in conjunction with business course work. A language placement test is required for accurate placement before the start of the course.**

**FGV-EAESP’s Career Placement Office assists students in contacting companies for internship opportunities. Students must e-mail their resume to: cecop@fgv.br at least one month prior to their arrival in order to qualify for services provided by the Career Placement Office.**
