

“Northeastern’s MSA/MBA provided me with both the skills and confidence to transition in 15 months from a career in commercial photography with absolutely no background in accounting, to a challenging and successful career in corporate tax.”

JEAN SOKOL BURGESS
VICE PRESIDENT TAX
BROOKFIELD RENEWABLE ENERGY GROUP
MSA/MBA, CLASS OF 1999

START HERE FOR AN ACCOUNTING CAREER THAT CAN TAKE YOU **ANYWHERE.**

Non-accounting majors get on the fast track to a career in accounting with our **MS in Accounting/MBA dual degree program**. In just 15 months you will earn two degrees while gaining the skills, expertise, and confidence to walk right in and start working at a top accounting firm.

The United States Bureau of Labor Statistics expects the field of accounting to grow 13% between now and 2022. At the D’Amore-McKim School of Business, we are meeting this growing demand with an intensive program designed for bright students who are highly motivated to take the next step in their career.

Your **15-month experience** begins with a curriculum that has been designed in partnership with some of the region’s leading accounting firms. This relevant industry-focused education maintains a sharp focus on business and accounting insights that you will put to work every day in your new career. In addition, you will be immersed in contemporary issues related to audit and tax, giving you a valuable perspective that is always fresh and topical.

You will put your new skills and insights to work during the busiest

time of the year in a **three-month, paid accounting internship**, at one of the top accounting firms in the business. In this role, you will have the one-on-one guidance of a seasoned mentor, where your exchange of ideas and insights will be mutually beneficial.

All this insight and experience truly makes a difference. In the last three years, 98% of MSA/MBA students have been offered full-time employment from the firms where they completed their internship. And, in the last three years, 100% of our students who have applied for positions at regional, national, and Big Four accounting firms have been hired.

Your driving ambition,
combined with our
focused program,
can prepare you for
a promising future.

And it can all take shape in just 15 months. For non-accounting majors, such as Liberal Arts majors, this is the fast track to a rewarding accounting career.

LET US HELP YOU GET STARTED.
